Ideja za organiziranje ovakvog skupa logičan je slijed aktivnosti naše udruge, koja od 2005. godine volonterski radi na očuvanju, zaštiti i prezentaciji povijesti i kulturne baštine Ivanić-Grada. Naš grad ima bogatu povijest; od Ivanić tvrđe koja je u drugoj polovici 16. stoljeća bila jedna od najznačajnijih u obrani od turskih osvajača, preko Ivanića – nadaleko poznatog obrtničkog središta iz prve polovice 19. stoljeća, pa sve do 20. stoljeća kada Ivanić-Grad razvija svoje industrijske potencijale. Iz svih tih razdoblja Ivanić-Grad baštini bogato naslijeđe, ali nažalost građani, a pogotovo mlađi naraštaji, su slabo upoznati s tom poviješću, jer Ivanić-Grad nema muzejsku instituciju koja bi po pravilima struke očuvala i štitila kulturnu baštinu, a povijest približila građanima. Naša udruga kroz svoje aktivnosti čini sve kako građani ne bi zaboravili povijest vlastitog grada te kako bismo sačuvali povijesni identitet Ivanić-Grada.

Stari Ivanić, nekadašnje podgrađe, jezgra iz koje je Ivanić u 19. stoljeću prerastao u nadaleko poznato trgovište s brojnim obrtničkim obiteljima, danas je zapušteni dio grada, o kojem brinu jedino stanovnici tog dijela grada, pretežno građani starije životne dobi, nasljednici starih kuća. Dio je to grada koji nema privlačnih sadržaja, pa stoga niti ne privlači građane na posjet i prisjećanje na ona vremena kada je stari Ivanić bio najživlji dio grada.

Skup koji 11.11.2011. godine u suradnji s Europskim vijećem za sela i male gradove organiziramo u Ivanić-Gradu pokušat će dati odgovore na pitanja o revitalizaciji i obnovi povijesnih gradova, pa tako i starog Ivanića. Pokušat ćemo pronaći modele i rješenja kako započeti procese obnove i razvoja grada.

ECOVAŠT HRVATSKA SEKCIJA

Ovaj skup je veliki projekt za mali grad i za još manju udruhu građana. Želimo upozoravati gradsku vlast na probleme i potaknuti ih na njihovo rješavanje. Jer, stari Ivanić će za nekoliko godina zaista biti problem. Ne vlasnika kuća, već svih građana Ivanić-Grada. Možemo li nešto učiniti već danas? Zaslужujemo li bolje? Možemo li imati staru jezgru grada s obnovljenim kućama u kojima postoje obrtničke radionice, muzejski i izložbeni prostori, prostori koji mogu sami financirati svoje postojanje? Odgovore na ova pitanja ćemo vjerojatno saznati tek za desetak godina, ali dobre temelje za ove odgovore možemo stvoriti već danas. Prijatelji baštine se tome nadaju, građani Ivanić-Grada to zaslužuju.

## Possibilities for Revitalization and Conservation of the Old Town of Ivanić

The idea of organizing a conference is a logical sequence of activities of our association, which, since 2005, implements lots of volunteer activities on preservation and presentation of historical and cultural heritage of Ivanić-Grad. Our town has a rich history; dating back to the fortress that in the second half of the 16th century was one of the most important in the defense of the Turkish invasion, followed by a well-known crafts centre that developed in the first half of the 19th century, up to the 20th century when Ivanić-Grad developed its industrial facilities. Ivanić-Grad inherited rich legacy from all these periods, but unfortunately its residents, especially younger generations, are poorly informed about this heritage. One of the reasons is the fact that Ivanić-Grad has no museum institution that would preserve and protect the cultural heritage and present town's history to its citizens. Our association, through its activities, makes lots of efforts so that local people would not forget the history of their own town and to preserve the historical identity of Ivanić-Grad.

Old Ivanić, former outskirts of the fortress, is the nucleus of Ivanić that in the 19th century became a well-known market town with many artisan families. Today this is neglected part of town, which is cared about mainly by the inhabitants of that part of town, mostly elderly citizens, successors of old houses. This is part of the town that has no attractive functions and therefore does not attract the public to visit and possibly revive the memories of those times when the Old Ivanić was the liveliest part of town.

Conference organized on November 11, 2011 in cooperation with the European Council for the Village and Small Towns (ECOVAST) will try to give answers to questions about the revitalization and renewal of historic towns, including the Old Ivanić. We will try to find models and solutions to begin the process of reconstruction and development of the town.

This conference is a large project for a small town and even smaller non-government citizens' association. Our task is to warn the town government on problems and encourage them to start resolving them. Because the Old Ivanić will eventually become a problem in a few years' time. Not only of the homeowners, but of all residents of Ivanić-Grad. Can we do something today? Do we deserve better? Can we have an old town with restored houses where there are craft workshops, museum and exhibition spaces, spaces that can fund their own existence? We will probably find answers to these questions in ten years, but good foundations for these answers can be created today. Prijatelji baštine (Friends of Heritage) are hoping for this, the citizens of Ivanić-Grad deserve it.
